FAQs

Frequently asked questions by our users

Is this truly anonymous? Can anyone see I used this viewer?

Yes, InstaPSV's anonymous Instagram viewer is 100% untraceable. We don't connect to any Instagram account, we don't store your search history, and the profile owner will never know you viewed their content.

How is this different from viewing Instagram in a browser?

When you view Instagram in a browser (even without logging in), Instagram can still track your IP and browsing patterns. InstaPSV acts as an intermediary, so Instagram never sees your connection.

Can I view private Instagram profiles anonymously?

No. Our anonymous Instagram viewer only accesses publicly available content. Private accounts are protected by Instagram's privacy settings, which we fully respect.

Do I need to create an account?

No. InstaPSV requires zero registration, zero login, and zero personal information. Just type a username and start browsing.

Is this anonymous Instagram viewer really free?
Yes, completely free. No trial periods, no premium tiers, no hidden fees. All features are available to everyone without charge.
What content can I view anonymously?
You can view profile information, posts, stories (before they expire), reels, highlights, and followers/following lists of any public Instagram account.
